

Nordic
Beach®
An Original Design

ABOUT Us

A hot summer day on a SoCal beach is when & where Nordic Beach was born.

A hot day that turned cold quickly once the sun started to set and the wind shifted, blowing in directly off the Pacific. It was that moment seeing how a girl had wrapped a cozy blanket around herself that gave us the vision to design what is now known as Nordic Beach. A comfy cozy hooded wrap that flatters any age and any body type.

Our carefully thought out & executed design allows for a 1 size fits all.

Wear it anywhere you want to be comfy & cozy and discover for yourself why so many people who have a Nordic Beach love it so much!
